

**M' Ms Chandrashekhar Agashe
College of Physical Education**

PROSPECTIVE PLAN

2024-25 to 2028-29

Introduction

Maharashtriya Mandal, Pune, established in 1924 by the Late Shri. Shivarampant Damle was the first step towards achieving the larger goal envisaged by him for youth in the state of Maharashtra. This goal was to nurture the youth to become physically and mentally healthy, strong, motivated, spirited and addiction-free. Further development of the youth into self-righteous and proud citizens of India was foreseen as a logical conclusion of the primary goal. To achieve this, it was imperative to create facilities dedicated and committed to teach and groom younger minds in mental and physical studies.

The idea of setting up a college for physical education was born and government permission for this establishment was also obtained in 1932. However, it took 45 long years before the college was finally established in 1977. During the interim period of these forty-five years, the Mandal offered its services in preparing physically fit youth in various capacities. It offered free training to school going children to get physically fit in pre and post independence years. In the calling for the armed recruits in India's participation for World War II, the Mandal trained people for receiving short commission. It also held special coaching classes for NDA entrance exams.

Chandrashekhar Agashe College of Physical Education (CACPE), named after the late founder of the Brihan Maharashtra Sugar Syndicate, came into being in July 1977 at Gultekdi, Pune. Today the College is a name to reckon with in the field of physical education and boasts of an infrastructure and standard of education which is one of the best in the country.

Chandrashekhar Agashe College of Physical Education is affiliated to the Savitribai Phule Pune University, is accredited by NAAC and is recognized as a Research Centre in physical education. It offers a range of Bachelor's and Master's Courses in physical education as also an M.Phil and Ph.D. courses. It is spread over a sprawling area of 32 acres of land, has the requisite infrastructure and facilities and vast play fields and tracks. All the modern administrative facilities are housed in suitable buildings. The college also has its own hostel and mess facilities. CACPE is a centre for quality physical education, one of its kind, known and recognized widely across the state of Maharashtra and the country.
