Dr. Sopan Eknath Kangane (Ph.D.)
Principal

Accessibility Guidelines and Standards

1. Objectives

CACPE aims to foster an inclusive environment for physical education. Acknowledging our current infrastructure limitations, this policy outlines a realistic, phased roadmap to welcome and support Divyang students and staff as need arises.

2. Infrastructure & Access (Utilising Existing & On-Demand Facilities)

The campus currently features functional ramps for ground-level access. As the campus lacks lifts and specialized toilets, the college will deploy immediate, on-demand modifications upon the enrollment of a Divyang student or staff member:

- Ground-Floor Relocation: All relevant theory classes, labs, and administrative services will be moved to the ground floor to ensure step-free access via existing ramps.
- Washroom Retrofitting: The college will modify at least one existing ground-floor toilet to include grab bars and a low-height sink within the admission cycle.

3. Adapted Curriculum & Assessment

- Flexible Evaluation: Students facing physical barriers on standard tracks or fields will be assessed via alternative sports roles, such as sports officiating, coaching analysis, or sports management.
- Inclusive Training: The curriculum will emphasize Adapted Physical Education (APE) concepts to train all students in inclusive coaching.

4. Digital & Administrative Support

- Accessible Admissions: The online admission portal will be kept digitally accessible for screen readers.
- Enabling Coordinator: A staff member will be designated to handle specific accommodation requests on-demand during admissions.
